

Intellectual Property Contract

Walking Trails App

Team Members and Stakeholders

Assignment 11b - Intellectual Property Contract

1. Project Overview and IP Terms

This document serves as an Intellectual Property (IP) contract for the Walking Trails app project, developed by the Young Thugs team for Georgia Gwinnett College. The contract outlines the distribution of IP ownership among team members and stakeholders involved in the creation of this project. The terms outlined below are solely for the purposes of this academic assignment and do not represent a legally binding contract.

2. Ownership Terms

The ownership of intellectual property for the Walking Trails app project is shared among the project team members and stakeholders as specified in the table below. Each team member's signature indicates acknowledgment and agreement to their respective ownership percentage in this project, specifically as part of this academic exercise for ITEC coursework. This IP contract will not be used beyond this assignment, and all parties have been informed of its non-legally binding nature.

3. Team Members and Ownership Distribution

Name	Percent Signature
Joel Erulu	13%
